

# SAFE Sleep

# Let Your Baby Breathe!

*Helping to Keep Kids Safe*

## Middlesex District Attorney Marian T. Ryan

- Always place baby on his/her back to sleep
- Keep baby's sleep area free of pillows, soft or loose bedding, padded bumpers, soft objects, and toys
- Place baby in a safety-approved crib with a firm mattress and a tightly fitted sheet
- Place baby to sleep in a separate sleep area close to where you or others sleep
- Do not smoke during pregnancy, and do not allow smoking around baby
- Give baby plenty of Tummy Time when awake and when someone is watching
- Prevent overheating by not overdressing baby and keeping room temperature between 68-72°
- Frequently check on baby and call 911 immediately if he/she is not responding
- Talk to caregivers about the importance of safe sleep practices
